Re: Southdown, Inc.
CKD Landfill No. 1
Fairborn, Ohio

Dear Ms. **Simstad**:

As promised at the April 12, 1995 meeting with representatives of Southdown, Inc. (Southdown), **Panterra** Corporation (Panterra) and Ernie Neal, we are providing this monthly update on activities conducted at the Landfill No. 1 site. The purpose of this update is to keep the Agency informed on the nature and extent of site developments in the event that inquiries arise.

On April 4, 1997 the final Phase II report was distributed to Southdown and USX, Corporation. This report documents the evaluation of alternatives for ground water collection systems designed to address surface water discharges at the Landfill No. 1 site. Last month it was reported that the Companies would meet sometime in early May to discuss future actions. This meeting has yet to be scheduled. Recently, a copy of this report has been sent to OEPA and Greene Environmental Coalition.

I trust that the above is sufficient to keep the Agency informed of the activities performed to date at the Landfill No. 1 site. Should you need additional information, please feel free to contact me at (713) 653-6956.

Sincerely,

Daniel W. Heintz
Vice President
Environmental Affairs
