Re: Southdown, Inc.  
**CKD** Landfill No. 1  
Fairborn, Ohio

Dear Ms. **Simstad**:

As promised at the April 12, 1995 meeting with representatives of Southdown, Inc. (Southdown), **Panterra** Corporation (Panterra) and Ernie Neal, we are providing this monthly update on activities conducted at the Landfill No. 1 site. The purpose of this update is to keep the Agency informed on the nature and extent of site developments in the event that inquiries arise.

During the past month, measurement of ground water levels and surface water flows was conducted and the results were incorporated into the site database. In addition, work on the Phase II investigation has been initiated. This work includes development of the specifications for installation of ground water monitoring wells and initiating discussions with OEPA regarding construction of a passive ground water drain.

I trust that the above is sufficient to keep the Agency informed of the activities performed to date at the Landfill No. 1 site. Should you need additional information, please feel free to contact me at (713) 653-6956.

Sincerely,

Daniel W. Heintz  
Vice President
