Dayton, Ohio 45402-2911

Re: Southdown, Inc.
CKD Landfill No. 1
Fairborn, Ohio

Dear Ms. **Simstad**:

As promised at the April 12, 1995 meeting with representatives of Southdown, Inc. (Southdown), **Panterra** Corporation (Panterra) and Ernie Neal, we are providing this monthly update on activities conducted at the Landfill No. 1 site. The purpose of this update is to keep the Agency informed on the nature and extent of site developments in the event that inquiries arise.

During the past month, measurement of ground water levels and surface water flows was conducted and the results were incorporated into the site database. At a meeting with USX, Corp. on May 22, 1996 the parties agreed to proceed with conducting a Phase II investigation to evaluate **further** the remedial alternatives for Landfill No. 1. The **workplan** for the Phase II investigation has been finalized and field work is expected to begin during the month of September.

I trust that the above is sufficient to keep the Agency informed of the activities performed to date at the Landfill No. 1 site. Should you need additional information, please feel free to contact me at (713) 653-6956.

Sincerely,

Daniel W. Heintz
Vice President
Environmental Affairs
