Re: Southdown, Inc.  
CKD Landfill No. 1  
Fairborn, Ohio

Dear Ms. **Simstad**:

As promised at the April 12, 1995 meeting with representatives of Southdown, Inc. (Southdown), **Panterra** Corporation (Panterra) and Ernie Neal, we are providing this monthly update on activities conducted at the Landfill No. 1 site. The purpose of this update is to keep the Agency informed on the nature and extent of site developments in the event that inquiries arise.

During the past month, measurements of ground water levels and surface water flows were conducted and the results were incorporated into the site database. Data collection activities also continued on development of the Phase II report. Due to the time involved with installation of the additional monitoring wells, it is expected that a draft report for internal review will be available by mid-February.

I trust that the above is **sufficient** to keep the Agency informed of the activities performed to date at the Landfill No. 1 site. Should you need additional information, please feel free to contact me at (713) 653-6956.

Sincerely,

Daniel W. Heintz  
Vice President  
Environmental Affairs
